Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir :

Prior to the examination on the merits of the continuation application filed concurrently herewith, the Examiner is respectfully requested to consider the following comments.

In the parent patent Application No. 09/619,692, which contained subject matter embodied in the claims of the present application, the Examiner indicated, in an Advisory Action dated April 30, 2003 that, *inter alia*, the question of new matter has been raised, in certain rejected claims. In particular, the Examiner indicated that Applicants have introduced the question of new matter by utilizing the term "deflects" rather than "reflects". However, Applicants respectfully submit that the noted language raises no question of new matter inasmuch as the term "deflects" includes (e.g., deflection of an optical path due to) reflection by a mirror.

P22034. A01

Notwithstanding the above, Applicants have amended the claims of the instant application for consideration to eliminate the term "deflects" merely to simplify the outstanding issues.

Should the Examiner have any questions or comments regarding the present application, the Examiner is invited to contact the undersigned at the below-listed telephone number.

Respectfully submitted,  
Yoshihiro HAMA et al.
